

## JAPAN AGAIN IN FIGHTING MOOD

Appointment of War Admiral to Command of Squadron and Orders to Railroads Taken as Signs of Coming Crisis.

### TROUBLE ANTICIPATED. YOKOHAMA ADVICES SAY.

Ministerial Conferences and Naval Preparations Going on Lead to Belief that Decided Developments Are Coming.

YOKOHAMA, Japan, Oct. 21.—The ministerial conferences, naval preparations and, notably, the appointment of Vice-Admiral Togo, known as a "fighting admiral," to command the standing squadron, have led to a renewal of the anticipations of trouble. Some decided development in the crisis is expected shortly. The steamship and railroad companies are reported to have been notified to be in readiness for emergencies.

### LONDON HEARS RUSSIA HAS BROKEN WITH JAPAN.

LONDON, Oct. 21.—A report was in circulation on the Stock Exchange to-day that the negotiations between Russia and Japan had been broken off, but the Foreign Office officials here said they had not heard anything confirming the rumor.

This statement was made subsequent to a visit paid by Baron Hayashi to Foreign Minister Laradowne this afternoon. The officials of the Foreign Office added that the report was contrary to the general trend of its information.

### RUSSIA'S ACTIVITY AT COREA SIGNIFICANT.

LONDON, Oct. 21.—A despatch to Reuters Telegram Company from Tokyo says:

Russian military activity on the Korean frontier is unabated. The import newspapers take a gloomy view. They are inclined to believe Russia does not intend to fulfil her repeated promises and declarations, in which case it will be incumbent on Japan to take decisive steps for the sake of her very existence. The Japanese gunboat, Chokai was to have wintered at New-Chwang, but this arrangement has been countermanded.

### RUSSIA WANTS OPEN DOOR TO AMERICA MODIFIED.

ST. PETERSBURG, Oct. 21.—The Novykh, of Port Arthur, commenting on the commercial treaty between the United States and China, declares that Article XII, opening ports in Manchuria to United States trade, strikes at the very heart of Russian interests in Manchuria and says it is convinced the treaty will only be ratified after material modifications, as it affects part of the territory which, by virtue of existing relations, is not free so long as Russia has not definitely come to an understanding with China regarding her rights. "Moreover," the Novykh adds, "prior to her present occupation, Russia had special treaty relations with China regarding this territory, giving her the right to build railways and guaranteeing that no similar privileges will be granted to others."

### JAPANESE ADVISED TO STAY.

No Reason Why They Should Leave Russian Territory, They Say. ST. PETERSBURG, Oct. 21.—A despatch to Reuters Telegram Company from Vladivostok under to-day's date says: "The Japanese Government has notified its consul here that there is no reason why the Japanese should leave Vladivostok. This was in reply to a query of the Consul on the subject."

### WASHINGTON SURE THAT RUSSIA APPROVES TREATY.

WASHINGTON, Oct. 21.—The State Department officials are disposed to attach little credence to the reports that come from the Far East of a purpose on the part of Russia to defeat the operation of the new treaty between the United States and China so far as it relates to the opening of ports in Manchuria to our commerce. It is pointed out that the reports come in a roundabout way from sources which are probably inspired by a desire to cause friction between the United States and Russia.

As an act of courtesy and in view of Russia's commercial interests, a draft of this treaty before signature, was officially submitted to the Russian agents in London and by them communicated with the Russian Foreign Office. Through entirely reliable channels the United States was assured that the treaty was not objectionable to Russia. With the complications then existing in Southern Europe engaging her attention, in addition to the Manchurian and Korean problems, it is understood that Russia was very glad to come to terms with the United States on a basis that did not involve the sacrifice of any of Russia's political aspirations as to Manchuria.

### CENTURY-OLD LIQUOR.

Cal. Dick Alexander, of Bell's Ford, on Wolf River, Kentucky, has a three-gallon jar of whiskey that was distilled in 1807. It was placed in the jar and sealed and dated on that day, and has been handed down with the understanding that it was not to be opened until 100 years had passed. From handling and shaking the jar and bottle, Judge Alexander says that the liquor had evaporated, leaving the remainder about 2 1/2 gallons.

## MISS KRIEGER FOR WHOSE RETURN \$200 IS OFFERED.

## FEAR KIDNAPPERS TOOK KRIEGER GIRL

Family of Rosa, Who Left Sister's Home by Night, Thinks She Was Lured Away Because of Beauty.

Was pretty Rosa Krieger kidnapped? To any one who can solve the mystery surrounding her disappearance J. H. Werdelovsky, a wealthy plate-glass manufacturer and uncle of the missing girl, will pay a reward of \$200. Capt. Hayes, of the 52nd Street Police Station, Brooklyn Central office, detectives and private detectives employed by the girl's uncle, J. H. Werdelovsky, the wealthy glass manufacturer, have been looking for the girl, but so far they have discovered no clue or threat of evidence leading them to the whereabouts of the girl. They frankly admit that the case is to them one of the deepest mysteries. Mr. Werdelovsky said to-day that he would raise the reward to a thousand dollars if necessary.

The police believe the girl left home of her own accord. The relatives of the missing girl believe she was kidnapped or lured away from her home by strangers who were attracted by her pretty face and were aware of the fact that she was a stranger in the country and could speak but little English.

Some of the police hint that the girl walked out of the house with suicidal intent and that her body will eventually be found floating in the water somewhere around Brooklyn. Whatever the cause of her disappearance, it is shrouded in mystery deep and impenetrable, and to the solution of which neither the relatives nor the police have the slightest clue. Rosa Krieger was twenty years old. She came from Germany and a short time ago made her home with her sister, Mrs. Betty Isaacson, at No. 114 Leonard street, Williamsburg. She disappeared during the night, taking with her only a skirt, a green velvet waist, her shoes and stockings and a shawl which she had brought with her from Germany. Her relatives say she had no love affairs, knew but few persons in this country, and seemed happy. Since she has been living with her sister she has had no callers other than friends of the family and has received the attentions of no young man. On the night she disappeared she slept in her bed for some time, but at what hour she left the house her relatives do not know. At the home at No. 114 Leonard street, the sister watches and waits, weeping and fearing that Rosa has met with foul play. She has not slept since Rosa disappeared and her husband, who has been seriously ill unless some news of the missing girl is obtained soon. Without a clue to go on the police are at a loss, although they are trying their best to earn the reward offered by Rosa's uncle.

### AFFLICTION MAY SAVE HER.

Woman Accused of Brutality Is Likely to Escape—She Is Blind.

(Special to The Evening World.) MERIDEN, Conn., Oct. 21.—Emily Beatty, the ten-year-old Southington girl, who, charged, was so brutally beaten by her blind sister, Mrs. William Reeves, has been removed from the latter's home. Although it is claimed the woman burned the child with a flatiron and otherwise mistreated her, it is not likely that any prosecution will follow, as the woman is totally blind. The Selectmen will take charge of the girl and provide a home for her.

### POLICEMAN REWARDED.

Department's Medal of Honor Presented to James F. Connors.

The Police Department medal of honor and a certificate of bravery was today awarded to Policeman James F. Connors, of the West One Hundredth street station. Connors leaped into the North River from the pier at the foot of West Ninety-ninth street on the night of Sept. 23 last and rescued Charles Mittlekoff, of No. 881 Columbus avenue, who had been fishing from the pier. Mittlekoff fell in and was being carried down by the tide. In awarding the medal and certificate Commissioner Greene said that it was one of the bravest acts which had come to his notice in a long time.

## FRANTIC AFTER PLEADING GUILTY

Prisoner Fights Dozen Court Officers When Sentenced to 18 Years for Killing on Englewood Golf Grounds.

(Special to The Evening World.) HACKENSACK, N. J., Oct. 21.—Giuseppe Marino, who was on trial at Hackensack for the murder of Dominick Frichione, on the Englewood Golf Club grounds, on Aug. 19, retracted his plea of not guilty to-day and entered a plea of guilty of murder in the second degree. Judge Pitney and Prosecutor Koester accepted it and the Court then sentenced Marino to eighteen years in State prison. Instantly the prisoner became frantic. He cried out aloud in Italian: "This is awful! It is injustice. May God spare my wife and little ones." The court-room was crowded with Italians, and they, too, became greatly excited, all rising and shouting. In the midst of the hubbub Marino fell to the floor, and it required the combined efforts of a dozen court officers to forcibly carry him to his cell downstairs. The evidence submitted by the State's witnesses was to the effect that Marino deliberately emptied his shotgun full in Frichione's face while the latter was quarrelling with another man. The witnesses for Marino said he was being chased by the man, razor in hand, when the shooting occurred.

### NEW YORKER WED IN BOSTON

Banker Warren Walker Marries Miss Alice Louise Prouty. BOSTON, Oct. 21.—Mr. Guy Warren Walker, of the New York banking firm of Pfaelzer & Walker, and Miss Alice Louise Prouty were married to-day at the residence of the bride's parents, No. 42 Beacon street. Rev. Leighton Parks performed the ceremony. The best man was Mr. Franklin Pfaelzer, of New York.

### TOO MUCH PIG IRON.

The consumption of pig iron in the United States for the year is estimated at 20,000,000 tons and the furnaces have been producing on that basis, but 1,000,000 tons of pig iron has been bought abroad. This has depressed the market so that a number of furnaces have been closed.

### TALKED TO ART STUDENTS.

R. H. Davis and Paul West Gay Interesting Discourses. Everybody in East New York with an artistic temperament gathered at Penn-Fulton Hall last night to listen to the regular semi-monthly art lectures given by the Biedermann-Schoeller Drawing Academy. The main body of the hall was filled by the students and their friends, while many notable speakers occupied the stage. Mr. Robert Hobart Davis lectured upon the relations between the newspaper artist and the newspaper reporter, illustrating his discourse with humorous anecdotes culled from his own experience as a news gatherer. He was followed by Mr. Paul West, the librettist and song writer, who spoke of the origin of comic drawings and their development up to the present day.

## MEN ARE HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here Is a Common-Sense Safeguard.

Big, strong man is as a helpless infant when he is suddenly ill. The sturdy chap in town usually loses his self control, and is utterly unable to regard his condition with the common sense that characterizes his every-day actions. For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart and a feeling of suffocation. Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

The family doctor is summoned, and after a careful examination leaves a medicine that brings relief. In a day or two the man is about his business, weak and still unconvincing from the effects of the pain and the shock to his nervous system.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets would have given him instant relief—would have saved him hours of suffering and the cost of a prescription.

A wise man should prepare for such emergencies.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after each heavy meal, and indigestion can never bother you.

Rexall Dyspepsia Tablets cure stomach troubles by supplying the one element the absence of which in the gastric juices causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich red blood.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to cure indigestion and dyspepsia. If they fail, we will refund your money.

Price 25 cents per full package. Sold only at our store or by mail.
